Introduction

Cuil-an-Duin is a Category B Listed house located just outside Ballinluig in Highland Perthshire. Our house was built in 1925 and has many period features. We have 20 acres of grounds and gardens, including ancient woodland. The house has recently undergone extensive refurbishment and offers three first floor bedrooms for bed & breakfast guests. Whilst we aim to meet the needs of all our guests, there are some features of the property which might make access more difficult for people with limited mobility. We welcome children over the age of 12.

We have been graded as 5 Star by Visit Scotland and we take great pride in offering an exceptional standard of accommodation to our guests.

This access statement outlines the key facilities and services that we have available to enable potential guests to assess the suitability of our accommodation in meeting their particular needs.

We cannot accommodate pets and do not accept pets being left in cars in the car parking area. Service and assistance dogs are welcome.
